Highlights of the Finance departments 2009 accomplishments:

- Obtained Fitch rating agency upgrade from AA+ to AAA. This makes Westchester the only county in New York with triple A rating from Moody's Investors Services, Standard and Poor's Corporation, and Fitch.
- Improved the County's Treasury function by implementing Controlled Disbursement Accounts with a Positive Pay feature. This gives the County additional security against fraudulent activity.
- Implemented Electronic Funds Transfer to pay claims generated by the accounts payable system, thereby decreasing the expense of paper checks and postage.
- Received for the first time from the Government Finance Officers Association of the United States and Canada a certificate of achievement for excellence in financial reporting for the County's 2007 Comprehensive Annual Report.
- Issued Refunding Bonds in the amount of \$50,880,000. This refunding will save the County approximately \$3.8 million over the life of the Bonds.
- Due to a change in IRS regulations for FICA deductions from municipal disability payments pursuant to General Municipal Law 207-c, a FICA tax refund of approximately \$1.1 million including interest was filed for and received in 2009. Approximately half this amount due to employees/ former employees was distributed and the balance due the County was used to reduce the tax levy for the County.

Finance initiatives going forward:

- Continue the shared services initiative launched by the Bureau of Purchase and Supply which helps local political subdivisions save on purchasing by forming cooperative contracts for the best prices and by piggybacking on County contracts.
- Implement the reporting requirements for the use of funds pursuant to the American Recovery and Reinvestment Act of 2009. As stated by the President's Office of Management and Budget, the purpose of this new reporting is to provide the public

with an unprecedented level of transparency into how Federal dollars are being spent and will help drive accountability for the timely, prudent, and effective spending of recovery dollars.

- Selling surplus items on E-bay and Public Auction, netting approximately \$300,000 for the County in 2009.
- Obtained an amendment to New York State local finance law that allows Westchester County to run a three year pilot program using electronic platforms for general obligation bond sales that will increase competition and lower interest costs for the taxpayers.
