**2008 DEPT. HIGHLIGHTS & ACCOMPLISHMENTS**

**Did committee invite commissioner in this past year to discuss specific areas of concern? Describe.**

Yes. Commissioner Furtick met with GCED on March 25, 2008 to discuss an Act authorizing the County to enter into inter-municipal agreements (IMA's) with the City of Mt. Vernon, Peekskill, and White Plains under the County's Invest in Kids Program.

**Report on 2008:** Highlight of dept's accomplishments *(Usually in executive summary of dept budget)*

The Youth Bureau and the Westchester County Public Library System have joined forces in helping Westchester Scholars to maintain and enhance their reading, writing and comprehension skills by working with a known, best-selling author and providing youth employment opportunities at local libraries and day camps, this has resulted in summer jobs for Westchester Scholars students. Maintained the Power of Peace in three cities: White Plains, Yonkers and Port Chester with ongoing expansion to include Ossining, Mt. Vernon and Peekskill. The CYB is the lead agency for implementing the NYS best practice model of AYD (Advancing Youth Development). This "Train the Trainer" model has recruited, trained and supported youth workers in our County with hands on techniques for front line youth workers. To date, more than 130 service providers have been trained and an additional four participants have signed on to become facilitators.

**2009 Operating Budget**

Impact of State budget cuts on dept: \$ unknown

**Specific cutbacks to accommodate reduced spending? Program areas most affected:**

There will be no new equipment purchases, elimination of paid summer intern (will now be an unpaid intern), scaling back on Gang Summit due to evaluations given after 2008 Gang Summit with local leaders requesting program to be held on a more local level, partnering with community leaders and parents. Programs will take place in Mt. Vernon, Peekskill and Yonkers.

**What's expected public impact of proposed cuts? [EXAMPLES: Public won't notice? Closing sites in these locations? Less funding for specific programs. Consolidating program areas to economize.]**

None that will be noticeable.
