*RE: Support for Gas Tax Relief*

Honorable Members of the Westchester County New York State Delegation,

We, the undersigned legislators of Westchester County, send this letter in support of passing legislation that would provide relief to New Yorkers at the gas pump.

In this past year alone, average gas prices in the state have gone up by more than a dollar-per-gallon, or an estimated 43 percent increase. Coupled with the Russian invasion of Ukraine & high inflation has caused gas prices to soar to a historic high. Experts are predicting additional increases in the short term.

New York State Government has the power to pass policy that could help cheapen gas for consumers. Specifically, this involves scaling back the cost of taxes that drivers pay at the pump. We believe that the State Government should work towards a common-sense solution so that everyday New Yorkers can feel less of a financial burden at the gas pump.

Sincerely,

A handwritten signature in black ink, appearing to read "James M. Nolan". The signature is fluid and cursive, with a prominent initial "J" and "M".

Hon. James M. Nolan  
Westchester County Legislator, District 15
